DATED: 10/07/2026

The Principal,
GMC Anantnag

Subject: Constitution of a Committee for Fixation of Rates of Newly Approved Laboratory Tests.

Respected Sir,

With due respect, it is submitted that approval has been accorded for the inclusion of new biochemical parameters in the Central Laboratory, GMC Anantnag. Before these investigations are made available for patient services, it is necessary to fix the user charges/rates for the approved tests.

In this regard, it is requested that a committee may kindly be constituted to examine and recommend the rates of the newly approved laboratory investigations after considering the cost of reagents, consumables, calibration, quality control, and other operational expenses. The recommendations of the committee shall facilitate the timely notification and implementation of the approved rates, enabling the commencement of these tests in the Central Laboratory.

It is therefore requested that the matter may kindly be considered on priority and necessary orders for constitution of the committee may be issued.
